

# Loud

## Unjust

[Verse 1]

Only titles remember...  
Then you took it away...  
Broken Laws for the pleasure  
It seems to be.  
The more they fight we rebel  
It ain't so bad[Chorus 1]

We come Loud

LOUD![Verse 2]

Different kinds put together  
Spoken thoughts twist of faith  
Lord knows it's the keys  
Hidden me!  
Then there's not much to say.  
It ain't so bad![Chorus 2]

We come

Loud

Loud, Loud[Bridge]

I know, What it seems

Take me, Open side.

Take my breath away,

Nothing else to say.

Change the page of all

To read Freedom, Justice,

One Love, Kingdom, We Come![Chorus 3]

Loud

Loud, Loud

We Come

Loud

Loud, Loud
