

# Emanation of Fear

## Darkane

Addicted to flesh, in pieces in parts  
Embracing sense of control  
The smell of the pure, untainted untouched  
Reveals as the beauty unfolds Intoxicating, innocence impelling me  
Invoke the creature, imperious the beast Tormented by pleasure, my fantasies roam  
Imprisoning visions untamed  
Drowning in anguish, feel no remorse  
Feeding the lies to the flame Strapped down, pinned down, punished by my mortal mind  
Sucked dry, drained out, all essence of my soul Craving, needing, feeding fear...  
Frustration, desperation, devastation  
Penetration, escalation, emanation of fear Caught in a sling, hung by a noose  
Can't reach to cut the rope  
Betrayed, deceived, don't trust a soul, not even your own Intoxicating, innocence impelling me  
Invoke the creature, imperious the beast Craving, needing, feeding fear... [Lead: Malmstrom] Addicted to flesh,  
in pieces in parts  
Embracing sense of control  
The smell of the pure, untainted untouched  
Reveals as the beauty unfolds Strapped down, pinned down, punished by my mortal mind  
Sucked dry, drained out, all essence of my soul Craving, needing, feeding fear...
