Love Song

Sense Field

Once I knew a girl, she was really fine
She had problems with her mind
She would lose control and take it out on me
But I'm not the hurting kindOh, pretty girl, I didn't want to lose you
She could be so cruel when she was in the mood
Darkness was not far behindWe had such good times when she was feeling fine
Oh, pretty girl, I didn't want to lose
I'm praying for a miracle to soothe youOh, pretty girl, I didn't want to lose
I'm praying for a miracle to soothe youDon't get me wrong, this is a love song
Don't get me wrong, this is a love song
Don't get me wrong, this is a love song
Don't get me wrong, this is a love song
