

Go Forth (Feat. Group One Crew)

[William McDowell](#)

God has given us the ability,
God has given us creativity,
God has given us His authority,
We will go forth, Let us go forth with a vision,
Let us go forth with dominion,
Let us go forth with compassion,
Let us go forth, God has given us the ability,
God has given us creativity,
God has given us His authority,
We will go forth, Let us go forth with a vision,
Let us go forth with dominion,
Let us go forth with compassion,
Let us go forth, No we won't turn our blind eye to our brothers in need,
We will serve with compassion so the whole world will see,
We will now see your power and the whole world will know,
We're revealing your Kingdom but they won't know until we go [Rap] No we won't turn our blind eye to our
brothers in need,
We will serve with compassion so the whole world will see,
We will now see your power and the whole world will know,
We're revealing your Kingdom but they won't know until we go.
