

Thrown Out Of Drama School

Phantom Ghost

i was thrown out of drama school
for being disobedient to the teacher who
wanted me to act like i should
i was thrown out of drama school
for giving the finger to the teacher who
wanted me to play my role correctly
it was a different road that i chose
and i still wonder where it goes
along the easy path i went
loitering with intent
i was thrown out of the academy
for seeing things differently
than most members of the jury
and i do not regret a thing
i was thrown out of the industry
for being what i used to be
call me kind of shadowy
not easy to be caught
it was a different road that i chose
and i still wonder where it goes
along the easy path i went
loitering with intent
