

Angel You

Boz Scaggs

Angel you set em up right
You make love like no tomorrow
Make it like you mean to know Baby it's true you walk a high wire
Lovin it heaven knows
Honey and it really shows How about Saturday
(How about tomorrow)
We could make it tomorrow
(I need to know)
Well alright
Angel you light up the night
Making it beg or borrow
Ever think of turnin pro
Honey it's true it's got to be love
Love like no tomorrow
I love you cause you need it more How about Saturday
(How about tomorrow)
We could make it tomorrow
(I need to know)
Yes well we could make it...
Right now... right now... right now
(I need you so)
How about Saturday
(How about tomorrow)
Alright alright alright tomorrow
(I need to know)
Well alright
We could make it...
Right now... right now... right now... right now
