

# Whole Lotta Nothin'

Rachele Lynae

I ain't just gonna wait wait around in a town  
That's just going to weigh weigh me down  
Got real big plans  
I'm not doing a thing

I just gotta get get away  
So come on baby, what do you say?  
Let's watch the palm trees sway  
Can't you see it?  
Ooh, don't you want to feel it too?  
Won't stop till we see blue  
Baby just me and you  
And a whole lotta nothin' to do

We wake up  
I won't put on my makeup  
Walk down to the beach front  
Hair blowing in the wind  
Maybe if we're lucky through the weekend  
Sail away from dry land  
Spend the whole day laughing  
'Cause we're never going back again  
No-o-o

I ain't just gonna wait wait around in a town  
That's ust going to weigh weigh me down  
Got real big plans  
I'm not doing a thing

I just gotta get get away  
So come on baby, what do you say?  
Let's watch the palm trees sway  
Can't you see it?  
Ooh, don't you want to feel it too?  
Won't stop till we see blue  
Baby just me and you  
And a whole lotta nothin' to do
