

Lullaby for Teddy

[Tanya Goodman](#)

Look at Teddy, he's so tired, Look at Teddy, he's so tired,
He's been playing very hard,
Little Teddy needs his sleep,
But bears aren't good at counting sheep, So I'll tell you what to do,
Close your eyes and he will too,
Don't you peek 'cause he'll see you,
Close your eyes and he will too Close your eyes X 2
Close your eyes and he will,
Close your eyes X 2
Close your eyes and he will too Perhaps the two of you will meet,
Tonight on some dreamland street,
And play together through the night,
While I sit here and hold you tight He's been playing very hard,
Little Teddy needs his sleep,
But bears aren't good at counting sheep, So I'll tell you what to do,
Close your eyes and he will too,
Don't you peek 'cause he'll see you,
Close your eyes and he will too Close your eyes X 2
Close your eyes and he will,
Close your eyes X 2
Close your eyes and he will too Perhaps the two of you will meet,
Tonight on some dreamland street,
And play together through the night,
While I sit here and hold you tight
