

# Back In The Day

## Local H

Hey! Well, punk is dead  
And, yeah, you're next  
But it seems no one has told you yet  
So hardcore  
You must be sore  
You come on like a major threat Face, I know you like it hard 'n' straight  
Face, think I'll hang around and wait, wait, wait, wait Hey old school  
Yeah you were cool  
But that was back in the day  
Yeah that was back in the day  
Hey old school  
Yeah you were cool  
But that was back in the day  
Yeah that was back in the day Well take a bow  
Harder than thou  
You scream, "Guilty" like a judge on high  
Well beat them back  
The new jacks  
More than music it's a way of life Face, I know you like it hard 'n' straight  
Face, think I'll hang around and wait, wait, wait, wait Hey, old school  
Yeah, you were cool  
But that was back in the day  
Yeah, that was back in the day  
Hey, old school  
Yeah, you were cool  
But that was back in the day  
Yeah, that was back in the day Hey, old school  
Yeah, you were cool  
But that was back in the day  
Yeah, that was back in the day  
Hey, old school  
Yeah, you were cool  
But that was back in the day  
Yeah, that was back in the day Old school  
Yeah, you were cool  
But that was back in the day  
Yeah, that was back in the day  
Hey, old school  
Yeah, you were cool

But that was back in the day  
Yeah, that was back in the dayHey, old school  
Yeah, you were cool  
But that was back in the day  
Yeah, that was back in the day  
Hey, old school  
Yeah, you were cool  
But that was back in the day  
Yeah, that was back in the dayYeah!  
Ha ha ha  
Be cool!
