

# Stay With Me

[Josh Gracin](#)

Baby, the clock on the wall is lying  
It's not really that late  
It's too cold outside to be  
Walking around the streets of this town  
Anywhere if you think you have to be can wait So why don't you stay with me?  
Share all your secrets tonight  
We can make believe the morning sun never will rise  
Come and lay your head on this big brass bed  
And we'll be alright as long as you stay with me, yeah Baby, there is just no use in hiding  
The way that I'm feeling right now  
With you standing there  
Baby I swear I can't help but stare  
Girl you're wearing me out, you're wearing me out Baby, stay with me, share all your secrets tonight  
We can make believe the morning sun never will rise  
Come and lay your head on this big brass bed  
And we'll be alright as long as you stay with me Baby don't go, it looks like it's starting to rain  
And it's so warm here in this apartment  
Wrapped up in this blanket  
So stay Stay with me, share all your secrets tonight  
We can make believe the morning sun never will rise  
Come and lay your head on this big brass bed  
And we'll be alright as long as you stay  
I'll be alright as long as you stay with me, yeah Stay with me
