

# I Vote Bolshevik Lite

## Rabbit Junk

i will bring you the truth  
it's 1917 all over again  
about a bloody revolution that's about to begin  
i got my torch and pitch fork  
got the day off work  
and i'm joining with the rabble  
'cause today i'm down to battlei won't play your games  
i vote belshevic lite  
alright  
i don't fear the state  
i vote bolshevik light  
alright  
i think yer to blame  
i vote bolshevik lite  
alright  
i will clean the state  
i vote bolshevik lite  
alrightit's ok it's like a game  
choose a target lets get started  
it's ok they're all the same  
relax  
pull the trigger  
i will bring you the truth  
it's amazing to me what i see them flaunting  
these multi million dollar mother fuckers of the tv  
flaunting their privilege like they earned it  
don't believe it it's all bullshit  
they're just parasites that i'm down to fight  
lets goi can't hear your shit  
i vote bolshevik lite  
alright  
i hate both sides  
i vote bolshevik lite  
alright  
i will cross the line  
i vote bolshevik lite  
alright  
i be there to fight  
i vote bolshevik lite

alright
