

Buckle Down

Red Hot Chili Peppers

Hah, on the ice, no holdin' my soul
I want men, not mice, no stoppin' my throw
Hah, get this, reds are back bills
Work or play ball or just turn me loose I know what's fight, in life, you better buckle down
Don't give up your fight, in life, you better buckle down
Two days with might, in life, you better buckle down
Leave dreams tonight, in life, you better buckle down
'Cause I know what's right Hah, on the ice, no holdin' my soul
I want men, not mice, no stoppin' my throw
Hah, get this, reds are back bills
Work or play ball or just turn me loose I know what's fight, in life, you better buckle down
Don't give up your fight, in life, you better buckle down
Two days with might, in life, you better buckle down
Leave dreams tonight, in life, you better buckle down
'Cause I know what's right I know, I know, I know what's right
I know, I know, I know what's right
I know, I know, I know what's right
I know, I know, I know what's right
