

# The Way Love Goes

Lemar

Oh whoa oh oh  
I never thought that I would ever love again  
I might be wrong cos I can feel it happening  
A little scared but I am not petrified  
I love forever, I promise to stay by your side  
Heart broken, my first and never spoken  
I waited to hear and I gave it a year  
So I stopped holding on and then you came along  
And then you came along  
I'm gonna, I'm, I'm, I'm gonna hold you, I love you the best that I can  
Until you understand that I need you all in  
And I can't dance alone cos the beat's just too slow  
That's just the way love goes,  
That's just the way love goes (uh uh) I use to think that I would never get to be  
In love again cos that was the only one for me  
And now I feel that you have come and saved me  
This heart of mine awoken by your smile  
Heart broken, my first and never spoken  
I waited to here and I gave it a year  
So I stopped holding on and then you came along  
And then you came along  
I'm gonna, I'm, I'm, I'm gonna hold you, I love you the best that I can  
Until you understand that I need you all in  
And I can't dance alone cos the beat's just too slow  
That's just the way love goes,  
That's just the way love goes I hold you, I love you the best that I can  
Until you understand that I need you all in  
And I can't dance alone cos the beat's just too slow  
That's just the way love goes,  
That's just the way love goes (Gotta get strong, keep moving on)  
(Gotta get strong, keep moving on)  
(Gotta get strong, keep moving on)  
(Gotta get strong, keep moving on)  
(Gotta get strong, keep moving on)  
(Gotta get strong, keep moving on)  
(Gotta get strong, keep moving on)  
(Gotta get strong, keep moving on) Someone's coming to save me  
Someone's coming to save me  
Save me, save me, save me I hold you, I love you the best that I can

Until you understand that I need you all in  
And I can't dance alone cos the beat's just too slow  
That's just the way love goes  
That's just the way love goes I hold you, I love you the best that I can  
Until you understand that I need you all in  
And I can't dance alone cos the beat's just too slow  
That's just the way love goes  
That's just the way love goes Gotta get strong, keep moving on  
Gotta get strong, keep moving on  
Gotta get strong, keep moving on  
Gotta get strong, keep moving on  
Gotta get strong, keep moving on
