Wake Up Get Up

Run Kid Run

To come around and lose yourself
To know a different life
To know that time will pass you by
We've learned to change
But did we change to learn?Is this our so called imitation
To carry on with no convictions?
We have the calling of another life
Another way to liveWe are the ones
We are the ones to blameSo wake up, now it's time, this is all we have
This is the sound of revolution
So get up, get up to the tune of the voice inside
This is the calling of a new lifeAnd now that we know familiar scribes
The motion of our lives, we realize our actions
Let's stop and make this happenHere we are with so much confidence
But in the end will we be falling suddenly
And find our lives are nothing but the opposite
Of something confidentWe are the ones
We are the ones to blame
We are the ones
We are the ones to blameSo wake up, now it's time, this is all we have
This is the sound of revolution
So get up, get up to the tune of the voice inside
This is the calling of a new lifeSo wake up, now it's time, this is all we have
This is the sound of revolution
So get up, get up to the tune of the voice inside
This is the calling of a new lifeWake up there's no more time to waste
Today's the dayWe are the ones
We are the onesThis is who we are
Now all rise to who we are inside
This is who we are
Now all rise to who we are insideThis is who we are
Now all rise to who we are inside
This is who we are
Now all rise to who we are inside
