High Off My Love

Paris Hilton

So you think I'm bad, babe
And you keep acting like you want me
I don't need a little boy
You better turn it up just a little moreGet my attention, I'm ready to go
My only intention's to give you a showLight it up
I know you want it
Take a bow
Let's get high of our love
High of our loveDo you wanna get high off my love?Can you hear me?
I'm on a Venus trip
You from Mars, baby?The night is young
It's time to kill it
Let's turn it up
I know you really want itI wanna see you (oooh)
Go hard as you can
And let it show
You're making me danceGet my attention, I'm ready to go
My only intention's to give you a show
