The Bright Young Things (Explicit)

[Marilyn Manson](#)

We'll be the worms in your apple pie
Fake abuse for our bios blacken our own eyes.
Grass isn't greener on the other side
We'll set it on fire, and we have no reason whySet fashion, not follow
Spit vitriol not swallow
Set fashion, not follow
Spit vitriol not swallowGood for nothing but being everything that's bad
Good for nothing but being everything that's badWe know who we are and what we wanna say
And we don't care who's listening
We don't rebel to sell, it just suits us well
We're the bright young things
Got my villain necktie, and Ia mouth of hi-fi
So sharp, I'm bleedin' from my Judas hole
Arch Dandy, no goodnickand I'm headed for crashville
I'm most monster with the groan box in the meat showSet fashion, not follow
Spit vitriol not swallow
Set fashion, not follow
Spit vitriol not swallowGood for nothing but being everything that's bad
Good for nothing but being everything that's badWe know who we are and what we wanna say
And we don't care who's listening
We don't rebel to sell, it just suits us well
We're the bright young things
Crashing the ether, we got the loudest stereotype
Even neophytes deep set your pro-life*
We don't need to move a single prayer bone
We're so beautiful and damned
Simply as a still lifePerpetual rebellion with absolutely no cause
Perpetual rebellion with absolutely no cause
Perpetual rebellion with absolutely no cause
Perpetual rebellion with absolutely no causestop the song and remember what you used to be?
Somebody that could fucking impress meWe know who we are and what we wanna say
And we don't care who's listening
We don't rebel to sell, it just suits us well
We're the bright young thingsWe know who we are and what we wanna say
And we don't care who's listening
We don't rebel to sell, it just suits us well
We're the bright young thingsGood for nothing but being everything that's bad
Good for nothing but being everything that's bad
