

Glamour Is a Rocky Road

My Life with the Thrill Kill Kult

As soon as I can I'm getting out of here
Glamour is a rocky roadSkin flicks lipstick baby scribbles in the mirror

Drama overdoses

Night shift mind twist she's got her finger on the trigger
Drama overdosesSkin flicks lipstick baby scribbles in the mirror

Drama overdoses

Cheap tricks for kicks nasty little plaything
Glamour is a rocky roadGlamour is a rocky road

Glamour is a rocky road

Glamour is a rocky road

Glamour is a rocky roadAnd then he hit me and it felt like a kiss

Glamour is a rocky road

And then he hit me and it felt like a kissSkin flicks lipstick baby scribbles in the mirror

Drama overdoses

Night shift mind twist she's got her finger on the trigger
Drama overdosesSkin flicks lipstick baby scribbles in the mirror

Drama overdoses

Cheap tricks for kicks nasty little plaything
Glamour is a rocky roadGlamour is a rocky road

Glamour is a rocky road

Glamour is a rocky road

Glamour is a rocky roadAnd then he hit me and it felt like a kiss

Glamour is a rocky road

And then he hit me and it felt like a kissGlamour is a rocky road

Glamour is a rocky road

Glamour is a rocky road

Glamour is a rocky roadAnd then he hit me and it felt like a kiss

Glamour is a rocky road

And then he hit me and it felt like a kissShe's got her finger on the trigger

She's got her finger on the trigger

Chickie baby's gone off the deep endShe's got her finger on the trigger

Glamour is a rocky road

Chickie baby's gone off the deep endShe's got her finger on the trigger

Glamour is a rocky road

Chickie baby's gone off the deep endShe's got her finger on the trigger

Glamour is a rocky road

Chickie baby's gone off the deep endShe's got her finger on the trigger

Glamour is a rocky road

Chickie baby's gone off the deep end
