Kingdom Hall

Van Morrison

So glad to see you, so glad you?re here
Come here beside me now, we can clear inhibition away
All inhibitions throw them away
And when we dance like this, like we?ve never been dancin? before
Oh, they were swingin? down at kingdom hall
Oh, bells were ringin? down at the kingdom hall
A choir was singin? down at the kingdom hall
Hey, liley, liley, liley, hey, liley, liley, low
Do do do do do do, do, do do do do do do
Do do do do do do, do, do do do do do do
Good body music brings you right here
Free flowin? motion now when we?re shakin? it out on the floor
Good rockin? music down in your shoes
And when we dance like this, like we?ve never been dancin? before
Oh, they were swingin? down at kingdom hall
Oh, bells were ringin? down at the kingdom hall
A choir was singin? down at the kingdom hall
Hey, liley, liley, liley, hey, liley, liley, low
Do do do do do do, do, do do do do do do
Do do do do do do, do, do do do do do do
Down at the kingdom hall
They were havin? a party, they were havin? a ball
Bells were ringing out and the choir was singin?
Hey, liley, liley, liley, hey, liley, liley, low
Do do, do do, do do, do do
Sugar was there, did you see sugar
Down at the kingdom hall, sugar was tough
