

# Kingdom Hall

## Van Morrison

So glad to see you, so glad you're here  
Come here beside me now, we can clear inhibition away  
All inhibitions throw them away  
And when we dance like this, like we've never been dancin' before  
Oh, they were swingin' down at kingdom hall  
Oh, bells were ringin' down at the kingdom hall  
A choir was singin' down at the kingdom hall  
Hey, liley, liley, liley, hey, liley, liley, low  
Do do do do do do, do, do do do do do do  
Do do do do do do, do, do do do do do do  
Good body music brings you right here  
Free flowin' motion now when we're shakin' it out on the floor  
Good rockin' music down in your shoes  
And when we dance like this, like we've never been dancin' before  
Oh, they were swingin' down at kingdom hall  
Oh, bells were ringin' down at the kingdom hall  
A choir was singin' down at the kingdom hall  
Hey, liley, liley, liley, hey, liley, liley, low  
Do do do do do do, do, do do do do do do  
Do do do do do do, do, do do do do do do  
Down at the kingdom hall  
They were havin' a party, they were havin' a ball  
Bells were ringing out and the choir was singin'  
Hey, liley, liley, liley, hey, liley, liley, low  
Do do, do do, do do, do do  
Sugar was there, did you see sugar  
Down at the kingdom hall, sugar was tough
