This Heart

David Ferrard

This heart is your heart
And can't nobody take it away
Ooh no, this heart is your heart
And can't nobody take it away from meOoh no, no, no, no, just can't take my love away
I give my heart to you to have and keep
May it pleasure your desires
And keep our love from getting weakWe'll keep the fire burning and our love wheel turning
You can surely have my all, all you have to do is call because
(This heart)
This heart
(Is your heart)
Is your heart
(And can't nobody)Always baby
(Take it away from me)
Yeah, yeah
(This heart)
This heart
(Is your heart)
Is your heart
(And can't nobody)
Yeah, baby
(Take it away from me)No, no, never, never, never, never take it away from me
Oh, ho, our love will always be so safe and sound
Always lifting you up, never letting you down
The guys will come and go, making scenes rather sadBut I let them all know just how it is
(Just how it is)
Oh, just how it is
(Just how it is)Yeah, I knew the day that I first met you boy, ooh, hoo
That it would be hard to leave you, a rah, na, na, dah
Now that I know that I have you boy, you know
I thank God that I'll never, never, never, never have toYes, I do
(Thank God I'll never, never, never, never have to)
(Thank God I'll never, never, never, never have to)
Every day
(Thank God I'll never, never, never, never have to)I say thank you
(Thank God I'll never, never, never, never have to)
Thank you God
(Thank God I'll never, never, never, never have to)Thank God, thank God, thank you
(Thank God I'll never, never, never, never have to)

Thank you, thank you, thank you, thank you
(Thank God I'll never, never, never, never have to)I thank God
(Thank God I'll never, never, never, never have to)
Oh, baby
(This heart)
Listen to me
(Is your heart)
Is yours baby
(And can't nobody)Nobody, nobody
(Take it away)
Take it away
(This heart)
This heart
(Is your heart)
Is yours baby
(And can't nobody)Nobody, nobody
(Take it away)
Can't take it away
(Yeah, yeah)
Yeah
(Yeah, yeah)Yeah, yeah
(Yeah, yeah)
Yeah, yeah
(Yeah, yeah, yeah, yeah)Yeah, yeah
(Yeah, yeah)
Yeah,
(Yeah, yeah, yeah, yeah)
Yeah(Yeah, yeah, yeah)
Yeah, thank God
(Yeah, yeah)
