

The Best Man

33Miles

I have always dreamed to be that superhero
To fly right in and somehow save the day
And I have always wanted to be more than I could be
But seemed to fall and somehow lose my way But the day Your love stepped in
Was the day my life began 'Cause You'll make me shine, You'll make me soar
You'll make me everything I never was and so much more
You give me strength, You let me stand
And I don't have to move a mountain but I know I can
'Cause You make me the best man, ooh yeah Even through my weakness, You know who I am
And You give me amazing grace that I don't understand
And there are no words that could ever describe
The glory of the beauty of You in my life Because You gave Your love to me
I'm the best that I can be 'Cause You make me shine, You make me soar
You make me everything I never was and so much more
You give me strength, You let me stand
And I don't have to move a mountain but I know I can
'Cause You make me the best man I will never be the same
'Cause You have changed everything
From the man I was
To the man that's standing by Your side 'Cause You'll make me shine, You'll make me soar
You'll make me everything I never was and so much more
You give me strength, You let me stand
And I don't have to move a mountain but I know I can
'Cause You make me
Oh, 'cause You make me the best man Oh, the best man, yeah yeah
