

Delayed Reaction

Foghat

After all is said and done, it wasn't hard to be the lonely one
Sad but not a tear was shed, you agreed with every word I said
I had my new life started, I couldn't be downhearted
Days rolled slowly by, finally you stayed out of my mind I filed your name under 'Forgotten'
And then somebody pushed the panic button
Suddenly my nerves were shakin'
I realized, I could have been mistaken Then like they say, like you're supposed to
I'm ridin' on a roller coaster
I found love too late, too bad she's not the waiting kind I've never felt like this before, I had to use my
imagination
Love came to my door, too late for the invitation
Delayed reaction, delayed reaction
(Reaction, reaction, reaction, reaction) It's a mystery to me, I don't know why our love is history
At the time I didn't know it and it's so easy for a fool to blow it
You can call me a fool now, I don't feel quite so cool now
Guess I was out of time, love was waiting somewhere down the line I've never felt like this before, I had to use
my imagination
Love came to my door, too late for the invitation
Delayed reaction, delayed reaction
(Reaction, reaction, reaction, reaction) My heart is growin' fonder
I don't mean Henry and I don't mean Jane
I got the time to wonder, if it's too late to make her mine again I've never felt like this before, I had to use my
imagination
Love came to my door, too late for the invitation
Delayed reaction, delayed reaction
(Reaction, reaction, reaction, reaction) Delayed reaction, delayed reaction
(Reaction, reaction, reaction, reaction) Yeah, yeah, yeah
Never, no I never, I said I never I never felt like this before, no
I never felt like this before, I never felt like this before
I never felt like this before, I never felt like this before Oh, oh, oh
I said, delayed reaction, hey, I said delayed reaction, yeah
I said, delayed reaction, I'm talkin' 'bout delayed reaction
Yeah, yeah, yeah I never felt like this before, I never felt like this before
I never felt like this before, I never felt like this before
D E L A Y E D, delayed reaction
D E L A Y E D, delayed reaction, yeah Oh, take me back to Brixton, man, oh, yeah
