Intro

Brooke Hogan

Tonight the hogans slam
I need to talk you about your mom and her 19 year old boyfriend
Hulks 18 year old son is in jail he's sentenced to 18 months behind bars
saying this is tough is an understatement
She had to report that she was being followed by hulk which was a violation of the restraning order
This is just the latest body blow to the hogans
Daughter Brooke is stricking out on her own now

Brooke Knows best
And celebrity's only seem to get bigger after a tough time in their life
Jealousy
Envy
Destiny
Faith
This is the REDEMPTION
