Looking back on what I've done

Regret is all I see

I miss you

And the way it used to beMy selfish ways have put me here

Alone I feel ashamed

And I know

That I am the one to blameI know you feel the sameI don't believe that a future day

Will make it go away

I don't believe that a single try

Will make me see the lightI start again back on square one

Forgot what I've become

Now I am looking back

On what I've doneI have to trust my guts this time

To believe that I'll be fine

I have to trust myself

I'll be okayBut I was fine today'Cause I believe that a future day

Will make it go away

And I believe that a single try

Will help destroy the lightA single try, a single try, a single try

Will make me see the light'Cause I believe that a future day

Will make it go away

And I believe that a single try

Will help destroy the light'Cause I believe a

(Future day)

Yeah, I believe in a future day

Will make it go away

(Future day)

Yeah it will make it go awayDestroy the

Destroy the light

Destroy the light

Destroy the light
