Starchild

Dune

Far away
Eternal affection
Far away
Always be trueFar away
Eternal affection
Far away
Always be trueAlways be trueFar far away from this world in a different dimension
A long time ago she was born
Into the light of eternal affection
Telling the story to you once more
Look at the stars and you'll see that it's real and your feelings inside, they will always be true
Bring in your friend to the loving dimension and he'll be a starchild like me and youFar far away from this world in a different dimension
A long time ago she was born
Into the light of eternal affection
Telling the story to you once more
Look at the stars and you'll see that it's real and your feelings inside, they will always be true
Bring in your friend to the loving dimension and he'll be a starchild like me and youFar away
Eternal affection
Far away

Always be true...Far far away from this world in a different dimension
A long time ago she was born
Into the light of eternal affection
Telling the story to you once more
Look at the stars and you'll see that it's real and your feelings inside, they will always be true
Bring in your friend to the loving dimension and he'll be a starchild like me and youFar far away from this world in a different dimension
A long time ago she was born
Into the light of eternal affection
Telling the story to you once more
Look at the stars and you'll see that it's real and your feelings inside, they will always be true
Bring in your friend to the loving dimension and he'll be a starchild like me and you
