

Starchild

Dune

Far away

Eternal affection

Far away

Always be trueFar away

Eternal affection

Far away

Always be trueAlways be trueFar far away from this world in a different dimension

A long time ago she was born

Into the light of eternal affection

Telling the story to you once more

Look at the stars and you'll see that it's real and your feelings inside, they will always be true

Bring in your friend to the loving dimension and he'll be a starchild like me and youFar far away from this
world in a different dimension

A long time ago she was born

Into the light of eternal affection

Telling the story to you once more

Look at the stars and you'll see that it's real and your feelings inside, they will always be true

Bring in your friend to the loving dimension and he'll be a starchild like me and youFar away

Eternal affection

Far away

Always be trueFar away

Eternal affection

Far away

Always be trueAlways be true

Always be true

Al...always/ways/ways/ways/

Always be true...Far far away from this world in a different dimension

A long time ago she was born

Into the light of eternal affection

Telling the story to you once more

Look at the stars and you'll see that it's real and your feelings inside, they will always be true

Bring in your friend to the loving dimension and he'll be a starchild like me and youFar far away from this
world in a different dimension

A long time ago she was born

Into the light of eternal affection

Telling the story to you once more

Look at the stars and you'll see that it's real and your feelings inside, they will always be true

Bring in your friend to the loving dimension and he'll be a starchild like me and you
