On Tonight

Chase Rice

Little red dress hanging on a hanger
Only wear it when you're feeling dangerous
When you slip it on slow in the mirror
It makes you want to drink too much
When you can't unzip yourself, so you ask for a little help
Through a red wine, kiss-me smile
I hope it's on tonightI hope 1:15, rolls around
You need me, like I need you right now
I don't care, what we said
If I'm on your mind, it ain't over - not yet
Yeah, you and me are kinda like that blinking caution light
We've been on again, and off again so many times
I hope it's on, tonight
I hope it's on, tonight
Hope you're in the back of a yellow cab, and a song comes on from way back when
Then it flips that switch inside you, make you want to pull me in
And when you sing right up the stairs, while you're taking down your hair
It sets the room on fire
I hope it's on, tonightI hope 1:15, rolls around
You need me, like I need you right now
I don't care, what we said
If I'm on your mind, it ain't over - not yet
Yeah, you and me are kinda like that blinking caution light
We've been on again, and off again so many times
I hope it's on, tonight
I hope it's on, tonightI'm hope your head is on your phone
And you don't want to be alone
I really don't want to be alone
I hope 1:15, rolls around
You need me, like I need you right now
Yeah, I don't care, what we said
If I'm on your mind, it ain't over - not yet
Yeah, you and me are kinda like that blinking caution light
We've been on again, and off again so many times
I hope it's on, tonight
I hope it's on, tonight
