

Girls

Marshall Crenshaw

Yeah

YeahGirls girls girls

When I'm walking downtown

On a summer's day, yeah

Girls girls girls

All my troubles seem

10 thousand miles awayI fall in love from my head to my feet

When I'm watchin' all those girls walkin' down the street

The feelin' goes to my head like red wine

You know I feel fine 'cause all I ever have in mind isGirls girls girls

And anytime I turn on my TV

Girls girls girls

Are all that I really care to see

Yeah yeah yeahYou know I don't want to be impolite

But I need someone to hold beside me tonight

And make the feeling come on like red wine

You know I feel fine

You girls are driving me wild, wild, wild, yeahAnd I said wild, wild, wild, yeah

Oh girls girls girlsGirls girls girlsYeah I fall in love from my head to my feet

When I'm watchin' all those girls walkin' down the street

The feelin' goes to my head like red wine

You know I feel fine and you girls are driving me wild, wild, wild, yeahAnd I said wild, wild, wild, yeah

Wild, wild, wild, yeah

Driving me wild, wild, wild, yeah

I said wild, wild, wild, yeah

You're driving me wild
