Cat Rescue

Nico Muhly & Teitur

My cat is stuck up in a tree,
He is up about 40, 50 feet,
He's been gone for 3 and a half days,
And it is cold with snow flurries.

I have tried with food,
I have tried opening tuna,
Fire department is no use,
And the tree people aren't answering or calling me back.

I can't believe he's up there.
It's the scariest thing ever.
We've been yelling and trying to coax him,
Nothing seems to work.
