Modern World

Ex Cops

I chased the bright moonlight
Tasted gasoline
Played into someone's plans and fell into the seaEverything that you want
Could be complete in a modern world
You carry weight but you can't relate
Who's asking now?
A boy or a girlI wanna wake up in your car
White diamonds shine it's who we are
Ordinary people, no one cares
About a washed up millionaire
Everything that you want could be complete
In a modern world
Everything that you mean to me
Reminds me times
Of little communication
I walked away from you
In a modern world
I slept beneath your breath
Inside a priced out pearlI think you caught me coming to your house
I lied and I cried
Like a little child
People always say you can't protect the past
And you listening? Are you even there?Mashed potatoes, broken keyboards
Two for Tuesdays, stupid window
Temporary, secretary
Call your ex-wife, happy birthday
I wanna wake up in your car
White diamonds shine it's who we are
Ordinary people, no one cares
About a washed up millionaire
Everything that you want could be complete
In a modern world
Everything that you want could be complete
In a modern world
Everything that you want could be complete
In a modern world
Everything that you mean to me
Reminds me times
No matter who you areI walked away from you

In a modern world
