Ten Nights

Spain

Story book fable is ending
As ten angels are descending
I forget that you are my only friend
Love is my only devotion
Ten little steps to the ocean
Ten nights to decide whether I could live alone
Ten nights all alone
Praying you haven't gone
I can't stop love
I can't erase what's been written down
Story book fable is ending
As ten angels are descending
I forget that you are my only friend
