

Don't You Cry

Hawley, Richard

Little by little, I've come to this point
On my own I've been searching my way
I lost you so early the days went so fast
You don't know how I prayed every day A song to remember, a song to forget
You'll never know how I tried
To make you proud and to honor your name
But you never told me goodbye Now that you are gone, casting shadows from the past
You and all the memories will last Don't you cry, suffer over me
I will be waiting for you
Don't you cry, I'll just never fade away
I'll be watching over you, see you through Now I'm a man and I'm feeling you still
Could it be you were there all along
A time to surrender, a time to forgive
With solace I gave you this song Now that you are gone, casting shadows from the past
In my dreams I hear your voice at last Don't you cry, suffer over me
I will be waiting for you
Don't you cry, I'll just never fade away
I'll be watching over you I can see you tonight in the pale winter light
Father and son again, the bond of blood will never end Don't you cry, suffer over me
I will be waiting for you
Don't you cry, I'll just never fade away
I'll be watching over you Don't you cry, suffer over me
I will be waiting for you
Don't you cry, I'll just never fade away
I'll be watching over you, see you through
