

# Unleashed (Duet Version - Bonus Track)

## Epica

Keep hiding  
All colors fading  
Desiring  
They're coming for me  
Receiving my inspiration  
Receiving Back in the day, I can recall  
That my thirst for un-clarity and saint  
There was no black stain in the walls of my memories  
Now there's a haste pushing me sideways  
And leaving me nothing to gain  
Taking me back, locking me close in disparity  
Where was I meant to be?  
I'm feeling lost in a dream  
Long for the day I can be myself When I'm free  
When my sun has set  
Release myself forever  
I have no regrets  
To be free  
I'm existing again  
No, I'm lost endeavors  
Nothing to concern  
When I'm free Call a decline  
Slowly defines me  
Is falling away far behind  
Nothing to keep me with the time  
The here and now  
Where am I meant to be?  
I'm feeling lost in a dream  
Yearning again only to be myself When I'm free  
When my sun has set  
Release myself forever  
I have no regrets  
To be free  
I'm existing again  
No, I'm lost endeavors  
Nothing to concern  
When I'm free Time's just a concept  
And always the first thing to fade  
(no more heartache, no deserving)

Hiding in weakness  
Nothing we can ever refrain  
Years are cruel, they break us  
Ruling on decay and despair (no despairing)  
Cowardice of perception  
Something we can never repair (no repairing) No one to blame  
Way from the render  
There's nothing we'll ever explain  
So it remains  
Where was I meant to be?  
I'm feeling lost in a dream  
Long for the day I can be myself (free)  
When will I be unleashed?  
There's nothing I need to be  
Yearning again only to be myself Free  
When my sun has set  
Release myself forever  
I have no regrets to be free  
I'm existing again  
No, I'm lost endeavors  
Nothing to concern  
When I'm free
