Do Anything

Aaron Hall

There's so many places I wanna kiss you, baby
I cannot begin to start
I realize that I'm not the only man that made love to
You
But I'm the only man who knows how to keep you
Okay, baby, your body's mine, believe it, mmm

All the, the places I will kiss you
Oh, baby, let me kiss you (Please let me kiss you) with
All my love (You
Know I love you, girl)
All the (Yeah), the places I will kiss you (All the
Places)
Oh, honey, let me kiss you (Let me, baby) with all my
Love (With all my
Love)

Here I am, I'm ready, baby
My desire is to please you, honey
I'll concentrate on you
There's no other who can do what Ill do to you

Lights down, the mood is right
Come on over here and hold me tight
Your body will be turned on till midnight
The spots that make you wet and hot, baby, surrender to
Me

All the, the places I will kiss you
Oh, baby, let me kiss you (Yeah, yeah, yeah) with all
My love
All the, the places I will kiss you
Oh, honey, let me kiss you (Yeah, yeah, yeah) with all
My love

This tastes so good, girl, I love it, baby
Youre trembling out of control, honey
The expressions on your face lets me know
Theres no getting away

You know I know your erotic zone
I can hear how I make you moan
Your moanin' turns me on, kiss your body all night long
Baby, you know there's not one place I would lay my lips
On

All the (All the places), the places I will kiss you
(Every single spot
On you)
Oh, baby, let me kiss you (Please, baby) with all my
Love (Hoall the places)
All the (Baby, I'm dyin' inside), the places I will kiss
You (I cant
Wait to hold ya)
Oh, honey, let me kiss you (I'm fiending for your love,
Babe) with all
My love (Ho)

Baby (Baby), you know (You know) that I want you (That
I want you so)
So just taste me (Taste me, lover)
Take me all night long (Take me, lover, now)
Ill love you down, baby (I love you)
Like you never (Like you never) been touched

All the places [All those places, baby], yeah, yeah,
Yeah
Let me kiss you (Let me kiss you, baby, my lips are so
For you)
All the [Come on, baby, let me kiss you] (Oh, baby, oh,
Baby)
Kiss you [Her hairs so soft] (Let me kiss you) with all
My love (With
All my love)

All the (There's no reason), the places I will kiss you
(There's no
Reason to cry, oh, baby)
Oh, baby, let me kiss you (I know there have been
Things)
(I know there have been tears) with all my love (Hey)
All the, the places I will kiss you (Like your neck)
Oh, baby, let me kiss you (Like the inside of your
Thighs) with all my
Love

(Like the back of your arms, baby, yeah)

Every day if you want it
Girl, you know I will give it
Ill give my all, I give my all, give my all
Ill give all to you
All the places, hey yeah yeah
Let me kiss you, come over here, baby

All the, the places I will kiss you
Oh, baby, let me kiss you (Yeah, yeah, yeah) with all
My love (Yeah,
Yeah)
All the (Let me kiss you, baby), the places I will kiss
You (Please,
Please, please, please, please)
Oh, baby, let me kiss you (All my love) with all my
Love
All The Places (I Will Kiss You)
