

# Do Anything

Aaron Hall

There's so many places I wanna kiss you, baby  
I cannot begin to start  
I realize that I'm not the only man that made love to  
You  
But I'm the only man who knows how to keep you  
Okay, baby, your body's mine, believe it, mmm

All the, the places I will kiss you  
Oh, baby, let me kiss you (Please let me kiss you) with  
All my love (You  
Know I love you, girl)  
All the (Yeah), the places I will kiss you (All the  
Places)  
Oh, honey, let me kiss you (Let me, baby) with all my  
Love (With all my  
Love)

Here I am, I'm ready, baby  
My desire is to please you, honey  
I'll concentrate on you  
There's no other who can do what Ill do to you

Lights down, the mood is right  
Come on over here and hold me tight  
Your body will be turned on till midnight  
The spots that make you wet and hot, baby, surrender to  
Me

All the, the places I will kiss you  
Oh, baby, let me kiss you (Yeah, yeah, yeah) with all  
My love  
All the, the places I will kiss you  
Oh, honey, let me kiss you (Yeah, yeah, yeah) with all  
My love

This tastes so good, girl, I love it, baby  
You're trembling out of control, honey  
The expressions on your face lets me know  
Theres no getting away

You know I know your erotic zone  
I can hear how I make you moan  
Your moanin' turns me on, kiss your body all night long  
Baby, you know there's not one place I would lay my lips  
On

All the (All the places), the places I will kiss you  
(Every single spot  
On you)  
Oh, baby, let me kiss you (Please, baby) with all my  
Love (Hoall the places)  
All the (Baby, I'm dyin' inside), the places I will kiss  
You (I cant  
Wait to hold ya)  
Oh, honey, let me kiss you (I'm fiending for your love,  
Babe) with all  
My love (Ho)

Baby (Baby), you know (You know) that I want you (That  
I want you so)  
So just taste me (Taste me, lover)  
Take me all night long (Take me, lover, now)  
Ill love you down, baby (I love you)  
Like you never (Like you never) been touched

All the places [All those places, baby], yeah, yeah,  
Yeah  
Let me kiss you (Let me kiss you, baby, my lips are so  
For you)  
All the [Come on, baby, let me kiss you] (Oh, baby, oh,  
Baby)  
Kiss you [Her hairs so soft] (Let me kiss you) with all  
My love (With  
All my love)

All the (There's no reason), the places I will kiss you  
(There's no  
Reason to cry, oh, baby)  
Oh, baby, let me kiss you (I know there have been  
Things)  
(I know there have been tears) with all my love (Hey)  
All the, the places I will kiss you (Like your neck)  
Oh, baby, let me kiss you (Like the inside of your  
Thighs) with all my  
Love

(Like the back of your arms, baby, yeah)

Every day if you want it  
Girl, you know I will give it  
Ill give my all, I give my all, give my all  
Ill give all to you  
All the places, hey yeah yeah  
Let me kiss you, come over here, baby

All the, the places I will kiss you  
Oh, baby, let me kiss you (Yeah, yeah, yeah) with all  
My love (Yeah,  
Yeah)  
All the (Let me kiss you, baby), the places I will kiss  
You (Please,  
Please, please, please, please)  
Oh, baby, let me kiss you (All my love) with all my  
Love  
All The Places (I Will Kiss You)
