Promises

Cloud Control

Maybe that wonderin', feels good, looks good.
Maybe that harmony, promises happiness.I'm just a mirror for your love,
takin' it easy for my cool.
I'm just a mirror for your love.Beautiful, modesty.
Beautiful, symmetry.
Beautiful, promise me,
beautiful, yeah.I'm just a mirror for your love,
takin' it easy for my cool.
I'm just a mirror for your love.you promises, you promises.
you promises, you promised.
you promised, your promised, you promised.I'm just a mirror for your love,
takin' it easy for my cool.
I'm just mirror for love.lovefor your love.
for your love.
for your love.
for your love, love, love, love .
for your love.
