Someone Else's Dream

Laurie Anderson

You know those nights, when you're sleeping, and it's totally dark, and absolutely silent, and you don't dream, and there's only blackness, and this is the reason, it's because on those nights you've gone away. On those nights, you're in someone else's dream, you're busy in someone else's dream.
Some things are just pictures, they're scenes before your eyes. Don't look now, I'm right behind you.
