

Happy People (CCK Radio Edit)

Ray Silver

Commandment 1. Get your back off the wall come and join the fun.

Commandment 2. There is nothing that you can't do.

Commandment 3. Let the beat rock your body yeah that's the key.

Commandment 4. Get down and party some more.

Can you see the Happy People,

Celebrating having fun,

It's the power of the dancefloor and it's only just begun,

Can you see the Happy People,

Smiling faces all around,

Let the world become a dancefloor,

The United States of Sound.

Hey-e-yay-e-yeah

Having fun.

It's only just begun.

Commandment 5. Gotta party and dance just to feel alive.

Commandment 6. Remember, it's in the mix.

Commandment 7. Let the bass make you move right up to Heaven.

Commandment 8. Let's go before it's too late.

Can you see the Happy People,

Celebrating having fun,

It's the power of the dancefloor and it's only just begun,

Can you see the Happy People,

Smiling faces all around,

Let the world become a dancefloor

The United States of Sound.

Only just begun.
