Ode to Harry

Switchblade Kittens

I can't help but blush when your near me
But you just exclude from your circle of three
I'm right in front of you but you don't see
You treat me like a Colin Creevery

I love you..
But it seems you don't love me!
My friends say your so brave
And i know you will see that we were met to be
When you miss me it will be too late

Sawlloed by so much love my hair growns red
Come to my house to see my brother instead
You didn't get my valentine you didn't know what it met
Every page about you my diary read

Chorus

Even though your the one I idore
Next year at hogwarts you'll see i've transformed
I will hold my head up high i'm a Gryffindor
And you won't need to save me anynore!

chorus x2
