7 Weeks

Gym Class Heroes

Advisory - the following lyrics contain explicit language:

My life's these yellow lines, concrete and parliament butts

Exhaust fumes and rest stops who drive hard for their bucks

Load in, sound check, play show, load out

Let's go, next city, oh great, off dayHangovers, hangups, dial backs, running make up

Apologies and promises and nobody acknowledges

That boys in bands got it so damn bad

But we love like the last cigarette we'll ever have I'm putting miles on my body 'bout due for a tune up
In this gas station, food ain't really helping but

I'm loving every minute, every road signs a reminder

Of exactly why we did it to begin with This is how it has to be

A kiss for luck, submerge myself

And in 7 weeks resurface, I'm like this

Even if we don't look back againTired boys with wired eyes

Exposing imperfections to the public eye

We're perfect, I'm like this

Even if we don't look back againI like these hotels, passports, random bag checks

Day dreams of love affairs that I haven't had yet

Touch down, baggage claim, new town, different dame

Same clothes, 7 days, whew, damn, I need to changeAnd it's a lifestyle I wouldn't recommend

Wild 'n out on a level Nic Cannon couldn't comprehend

(Fuck out of here)

We made a lot of friends and even more enemies

Some of which were genuine and others just pretend to be Soft raving baby, life's lovely

Even when the gray rain cloud's right above me

The girl's textin' me talkin' about gettin' all cuddly

'Cause you paint a pretty picture but the frame is so uglyThis is how it has to be

A kiss for luck, submerge myself

And in 7 weeks resurface, I'm like this

Even if we don't look back againTired boys with wired eyes

Exposing imperfections to the public eye

We're perfect, I'm like this

Even if we don't look back againAnd now it's back in a van with four of my mans

Until we catchin' a tan on the Florida sands
I feel like tourin' this land's made me more of a man
From killa California to the shores of JapanGood times stayin' up late in Austin
Coast to coast, V8 to Chicago

To gettin' up with Johnny Cupcakes in Boston
And smokin' that most great eight in ColoradoHome ain't home no more

I hug the road and kiss the concrete

And sometimes I even hear her heartbeat

No matter where we go or where we at

We carry upstate on our back, it's like that This is how it has to be

A kiss for luck, submerge myself

And in 7 weeks resurface, I'm like this

Even if we don't look back againTired boys with wired eyes

Exposing imperfections to the public eye

We're perfect, I'm like this

Even if we don't look back againThis is how it has to be

A kiss for luck, submerge myself

And in 7 weeks resurface, I'm like this

Even if we don't look back againTired boys with wired eyes

Exposing imperfections to the public eye

We're perfect, I'm like this

Even if we don't look back againSo a lot of you don't realize

There's a whole subculture

Of boys driving around in vans

Even if we don't look back againLooking for your daughters

And your lottery tickets

Love it or leave it, I'm like this

Even if we don't look back againI love my life, bitches

Even if we don't look back again

Even if we don't look back again
