# Another Day

## Buckshot LeFonque

Another day
Staring out of my window
Thinkin' 'bout tomorrow
Wishing things would clear
No need to rush
I ain't gonna worry
Any moment my sorrow
Is bound to disappear
Chorus:
Sometimes I tell myself
I'm better off without you
And then I have to face the emptiness
I feel inside without you
And find the way to make it through ....another day
I need a way
to find the truth within me
Accept the fact that I love you
My blue eternity
I hear they say
What doesn't kill you makes you stronger
I must have the heart of a lion
Sifting through love's remains
Chorus:
(interlut)
My love for you is etched
Forever in my memory
Now I realize that life goes on
Even though you're not here with me
I wake up looking forward to another day
A day of living without you
Just another day
