Ancient Chinese Secret Blues

Clem Snide

Why did you say that?
Why'd you open your mouth?
Why did you say that?
Why'd you open your mouth?This isn't the time or the place
For my love's disgraceHow could you say that?
You just opened your mouth
And how could you say that?
You just opened your mouthNow I haven't the courage to stay
Calgon, take me away
Calgon, take me away
Calgon, take me away
Calgon, take me away
Calgon, take me away
