Throne of Our Hearts

Reyer

V1.
We've come as one heart
For one God expecting,
Ready to witness the braininess of our king
Our souls are thirsty for more of your glory

V2.
We lift up one song
With one thing recinding
We feel the skies now with grace unrelenting
Our souls are thirsty for more of your glory

We fix our eyes on you alone

Chorus-
Be on throne king of heaven
Be on throne as all your children sing
You alone deserve all that we are
Be on throne on the throne of our heart

Bridge-
This is the sound of your children
Pouring out highest praise
Hear your church lifting up
With the glory of your mighty name
