

# Crashing Down

## Soul Asylum

Dyin' on a bed of roses in the middle of the night  
Woke up in a cold dark basement, lookin' through candlelights  
Up all night, still he can't come crashing down (Just an undertaker)  
Like a ghost of 1000 miles crawling over me. Here's to fallin off the world's dark side.  
Drifted in alone with the morning tide  
Ridin' on an all night train through the Crystal Cave  
Where the moonlight shines a path for a brighter day When the ballrooms are all barren and evening is so still  
could you see it in your heart to let me in? Did they hand you the reigns only knowing you'd lose?  
they lull you to sleep, till you're lost and confused  
when the leaves on the trees come crashing down (don't time pass slowly)  
seasons don't change when you're spinning' around Here's to falling off the world's dark side.  
Drifted in alone with the morning tide  
Ridin' on an all night train through the Crystal Cave  
Where the moonlight shines a path for a brighter day When the ballrooms are all barren and evening is so still  
could you see it in your heart to let me in?
