

# Stuck On You

Mitchel Musso

Come on baby  
I should have never let you get to me  
I should have never let you stand so close to me  
Im going crazy I never said that we were meant to be  
I never said that I would ever leave It feels so good yea it feels so right  
Gotta see you tonight.  
(g-g-girl you got me) And I'm stuck on you Shake it movie it like you say she'll always be true  
Someone tell me why I'm stuck on  
Somehow she always knew nothing she wouldnt do do do do  
Do  
When I'm with her I rather be with  
No matter what I do I'm stuck on you  
(oh oh baby) I'm running on empty  
I never said I knew what I should do  
You got me side down messed up and now I'm busted  
(oh baby oh oh baby)  
It feels so good s-s-stuck on you Shake it movie it like you say she'll always be true  
Someone tell me why I'm stuck on  
Somehow she always knew nothing she wouldnt do do do do  
Do  
Woo-ohh woo ohh  
Wen I'm with her id rather be with  
Wooo-ohh wooo-ohh  
No matter what I do  
I'm stuck on you Alright everybody listen up real quick  
I gotta find that girl  
Where she at?  
Oh  
Oh baby  
Your come close here  
Gotta tell you somethin now girl  
Listen  
I'M STUCK ON YOU Shake it movie it like you say she'll always be true  
Someone tell me why I'm stuck on  
Somehow she always knew nothing she wouldnt do do do do  
Woo-ohh woo ohh  
Wen I'm with her id rather be with  
Wooo-ohh wooo-ohh  
No matter what I do

I'm stuck on you Shake it movie it like you say she'll always be true

Someone tell me why I'm stuck on

Somehow she always knew nothing she wouldn't do do do do

Woo-ohh woo ohh

When I'm with her I'd rather be with

Wooo-ohh wooo-ohh

No matter what I do

I'm stuck on you
