

# Miss You Still

Dan Hill

Do you remember when?  
The world seemed oh so young and we were so self assured.  
No one ever could come between us.Remember stepping out.  
Behind the high school, cutting class.  
Making love beneath the stars.  
You were my Venus.Where does all the time go?  
Look at us now.  
Caught up in our different worlds.  
Though we gone our separate ways I found.I miss you still.  
It's the middle of the night and I'm calling you.  
Cause I can't hold back what I feel inside.  
I miss you still.  
Your a piece of my heart that I can't let go.  
Though it tears me apart, you should know.  
That I miss you still.You remember when.  
You said I'd always be your man.  
How you reached out for my hand.  
Your fingers trembled.  
How your daddy hated me.  
How it drove him to distraction.  
That was part of the attraction.  
Way back when girl.  
Where do the years go.  
It seems like yesterday.  
Well God this world seems different now.  
Maybe some things, some things never change.I miss you still.  
It's the middle of the night and I'm calling you.  
Cause I can't hold back what I feel inside.  
I miss you still.  
Cause your a piece of my heart that I can't let go.  
Though it tears me apart, you should know.  
That I miss you still.Maybe I'm a sentimental fool who's lost control.  
I just close my eyes and memories of you cut into my soul.I miss you still.  
It's the middle of the night and I'm calling you.  
Cause I can't hold back what I feel inside.  
I miss you still.  
Your a piece of my heart that I can't let go.  
Though it tears me apart, you should know.  
That I miss you still.After all these years.

Of singing through these tears.  
That memories could kill.  
You know I miss you.  
I miss you still.
