

Kahlil Gibran

STREKR

Even with the lights on I'm still feeling nervous
Keep it to myself I can't afford this
I don't wanna say it I just wanna lay here
Always on my mind I rather we just know it
Needles when I'm talking nothing feels the same
Hold myself together while I'm getting older
You don't wanna say it, I don't wanna make you
Keep it to myself tonight I can't say nothing
Tell me something words in silence are so much better
Only you want some I'm about to make you better
Lying right on the ground you're here with me
Lonely the top yours no one from losing in
As I unlike other let's not beat each other
And I grow old, you stay the same my little soul
Only the sun now that's standing here forever
Knowing that's not what you say the sun grows old
Needles when I'm talking nothing feels the same
Hold myself together while I'm getting older
You don't wanna say it, I don't wanna make you
Keep it to myself tonight I can't say nothing
Even with the lights are supposed to feel nervous
Keep it to myself I can't afford this
I don't wanna say it I just wanna lay here
Always on my mind I rather we just know it
I don't wanna know you
I don't wanna know you
I don't wanna know you
I don't wanna know you
