

# Side Of The Road

Veruca Salt

You wait in the car on the side of the road  
Let me go and stand a while  
I want to know you're there but I wanna be alone  
If only for a minute or two  
I want to feel what it feels like to be without you  
I want to know the touch of my own skin  
Against the sun against the wind  
I walked out in a field  
The grass was high  
It brushed against my leg  
I just stood and looked out at the open space  
And a farmhouse out a ways  
And I wonder about the people who lived in it  
And I wonder if they were happy and content  
And with many children and a man and a wife  
  
And did she love him and take her hair down at night  
If I stray away too far from you  
Don't go out and try to find me  
It doesn't mean I don't love you  
It doesn't mean I won't come back and stay beside you  
It only means I need a little time  
To follow that unbroken line  
To a place where the wild things grow  
To a place where I used to always go  
La la la la la la la la la la la la  
La la la la la la la la la la la la  
If only for a minute or two  
I want to see what it feels to be without you  
To know the touch of my own skin  
Against the sun against the wind
