

# I Hope You Sleep At Night

[Molly Nilsson](#)

Tell me when the lights go out,  
what do you dream about?  
Do you run or do you fall?  
So tell me, when you're lying there,  
Do you doubt or don't you care,  
Has a dawn left a mark on your mind? I hope what you do you think is right,  
I hope you sleep at night  
I hope what you do you think is right,  
oh, I hope you sleep at night  
Cause I wouldn't if I were you.
