## Lloyd Banks

I just touched down, Ferrari to concrete  
I ain't even home and they're talking about me  
Fuck out my ear if you talking 'bout freedom nigger  
Free don't pay the bills I'm ballin' all out, b!  
You rappers don't know me  
Nah I ain't your homie  
If your name ain't Em, Ferrari or Tony  
I like my wheel chromey  
My Bentley my Rolly  
My Magnum my forty  
South Jamaica shawty  
These losses I took in the gut yo  
The work's still here, I'm just cooking it up slow  
Clear my mind, you whippin' the truck load  
My Pop dead, but he live through his son though  
If rap ain't work, I'll be pimpin' on some hoe  
Still eating lobster and shrimp in the Bungalow  
I'm back like crack over the drum roll  
You know, wherever I go the gun go[Chorus]  
We on the grind (hey) all the time (hey)  
Ain't bout to let a nigga come and snatch mine  
I keep a nine, you see the shine  
I might just let your ass slide this time  
While I get this paper, paper  
While I get this paper, paper  
Cause I'm a celebrity  
(I don't need none of y'all)  
Ghetto celebrity  
(Keep your punk-ass awards)  
I'm a celebrity  
(Take your fake smile off)  
Ghetto celebrity  
Ain't nothing changed niggerThe media will test ya, popularity is pressure  
Porche Panamera  
Platinum hammer through the metal  
Wreck the booth up, I'm too tough  
That inner city grammar  
Step your jewels up, they bruised up  
I'll sparkle for the camera

Harsh reality's what (?) holding them back from opening  
Verbal attack all over these niggas, push the herd to the back  
I'm the kind that they pray on, spending half of their day on  
Lay on, niggas for days, just shots spray on  
My sound system knock and in pound Tupac  
6-4 jumping like the ground too hot  
They spot me, they chase a nigga down two blocks  
Two shots in the air for niggas that ain't here  
Two tone, two door, grey top, roof floor  
Green guap galore, in and out of new hall  
That bright light you saw, was a paparazzi flash  
I'm tryna snap a picture through your Maserati glass[Chorus]
